

Foster Care Review Office
Local Review Board Meeting

Please knock to inform the Board that you have arrived. We may be in the middle of discussing another child's case and will be with you as soon possible.

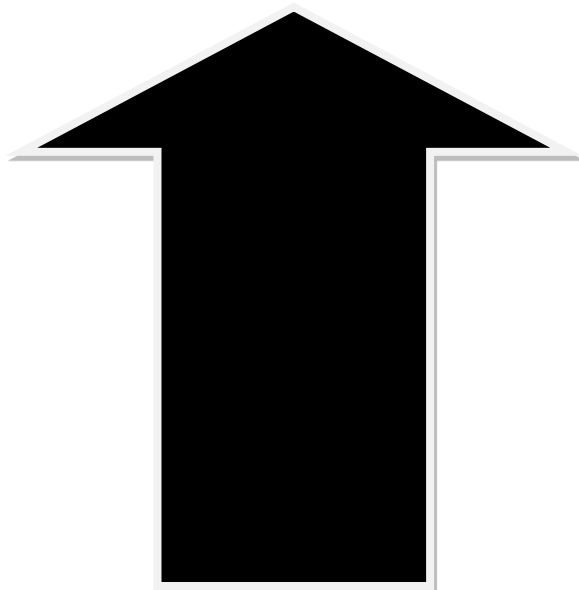

Note: Each group is scheduled for approximately 20 minutes and participants will be given approximately 15 minutes in total to discuss concerns and provide new information to the Board.

We hope to extend this same courtesy to all who wish to attend this evening's review.

No recording of meeting allowed.

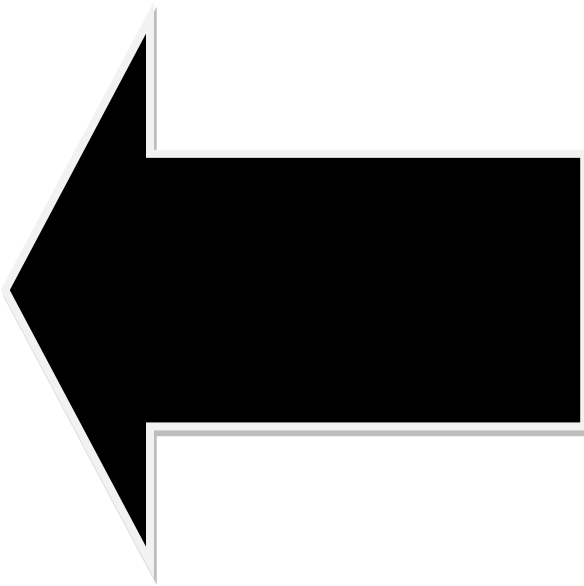

Thank you!
